SUBSCRIPTION: UNLEASHED SOFTWARE Cloud-based Inventory Management Application

What is it?

Unleashed is integrated cloud software that gives manufacturers, wholesalers and distributors the freedom to better make, manage and move their products – by enabling them to achieve complete clarity and control over their suppliers, production, inventory and sales.

Features

- Real-time information and full visibility of purchases, production, stock and sales to help make better business decisions.
- Create purchase orders, record stock movement, and manage supplier information such as price books.
- Track and trace products through all stages of production and distribution with serial and batch tracking to accurately calculate costs and margins.
- Quickly generate branded quotes, invoices, purchase orders, shipping notes and more with the Document Designer.
- Streamline your trade sales with the dedicated online B2B ordering platform.
- Make sales on the go with the free Unleashed Sales App, available for Android and iOS.
